REMEMBER

WHEN ...

"Twenty solid pages by tomorrow, mister!" Who remembers that and other "character building" punishments? How many were victimized on Freshmen Day? This should ring a bell to the Class of '73, for these were the prevailing activities of our first months at STM. Remember when somebody hit "Bill" Garrett with a paper airplane? The man admits it, or we all come back for four more years.

DEDICATION

Everybody knows a school runs smoothly with the combined efforts of a faculty and a responsive student body. Or does it? For instance, who handles college applications and transcripts? Or who takes care of the detention schedule? The obvious answer is Mr. Valenti and Mr. Pyne. Unfortunately, in this thinking, the focal point, the nerve center—the secretaries—are completely overlooked. For this reason we wish to extend sincere appreciation to our office personnel: Miss Kennedy, Miss Burkhardt and Mrs. Dadonna. By their loyal dedication and exceptional service, the difficult task of running the school has been made much easier, even possible.

To say "Thank you" does not cover the debt.

OPP. PAGE TOP. "May I help you?" Miss Kathryn Kennedy's bright, sparkling greeting day after day really does help.

TOP LEFT. Mrs. Marie Dadonna may be the only one who laughs in the Discipline Office, but that helps, too.

ABOVE. "Did you hear what happened last night?" The gossip break is one of the important activities our secretaries control.

OPP. PAGE BOTTOM. As the picture shows, Miss Mary Burkhardt is young, vivacious and pleasant, a definite plus to the office.

CENTER LEFT. Peekaboo, Mrs. Dadonna. Sometimes, contrary to popular belief, we play games in the Discipline Office, too.

LEFT. Mr. Valenti relies on Miss Burkhardt for everything. "We have to find that shopping list, Mary."

LEADERSHIP

These honorable men deserve our attention and gratitude, for they have dedicated themselves to serving us. Due to them, a valuable education has been provided for us. By using our Christian background and helping less fortunate brothers to a better world, we can show our deep appreciation. God bless them.

Rt. Rev. Msgr. Francis B. Schulte
Superintendent of Schools

FORMER FACULTY

REMEMBER WHEN . . .

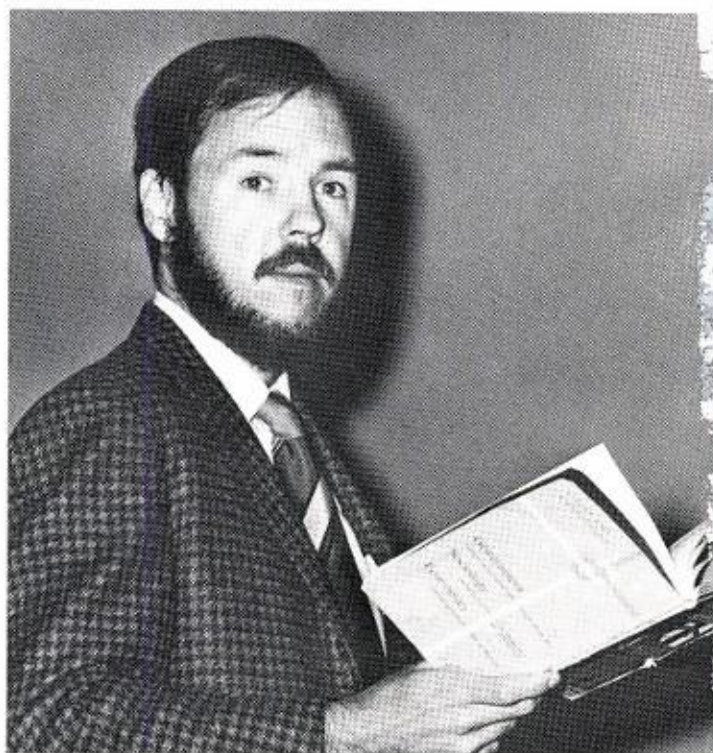

. . . Father William Casey was our Friendly Neighborhood Principal? He is now radiating Niagara University with his smile . . .

. . . Or how many times did Father George Krock threaten to "rap you in the mouth?" He is now at Immaculate Conception Parish, Germantown . . .

. . . Father Joseph Grippo has relocated his ticket outlet at St. John's University. He is still soliciting buyers as well as vocations . . .

. . . And our resident nomad, Mr. George McGinnis, left for the Coast. He holds seminars on the California beaches. Keep on truckin' . . .

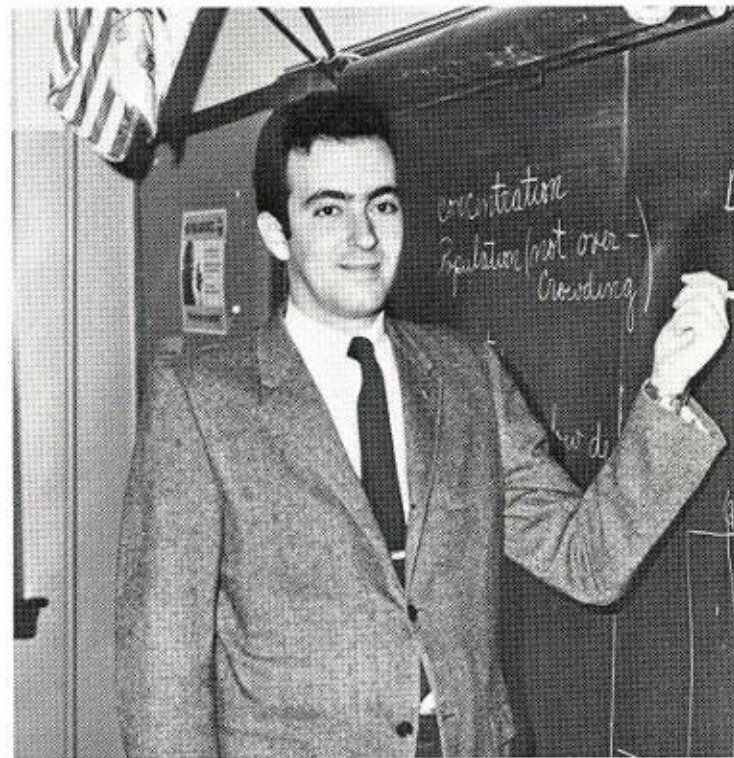

. . . to Mr. John McCormick, who returned to Jefferson Med School to further his studies. By the way, his goat's now turning nines . . .

. . . And speaking of nines, Father Keith Krusky is stationed on the 9th Street Beach in Miami. Remember us, Father, to those babes.

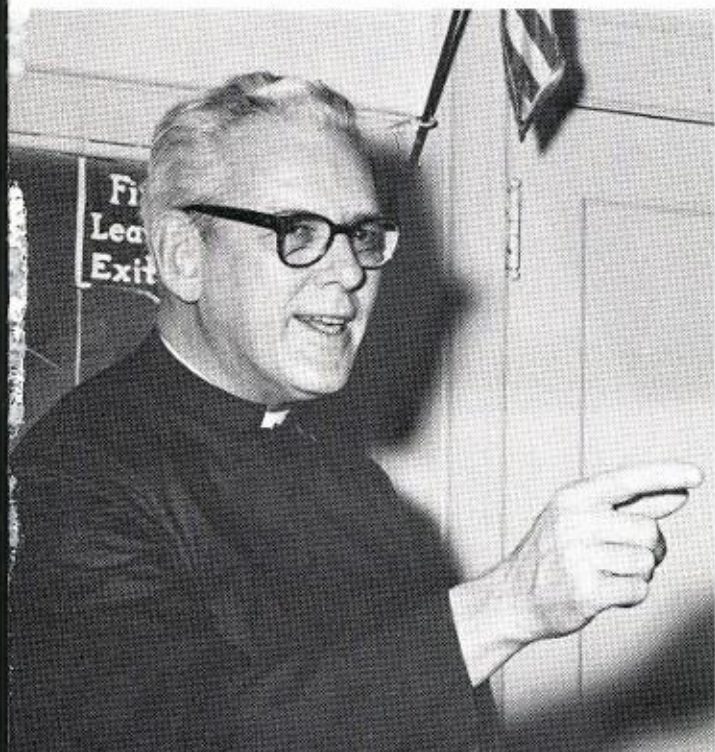

... Originally a substitute for a substitute teacher, William "Hawkeye" Garrett quickly became a favorite. Happily married, Bill now lives in Maryland.

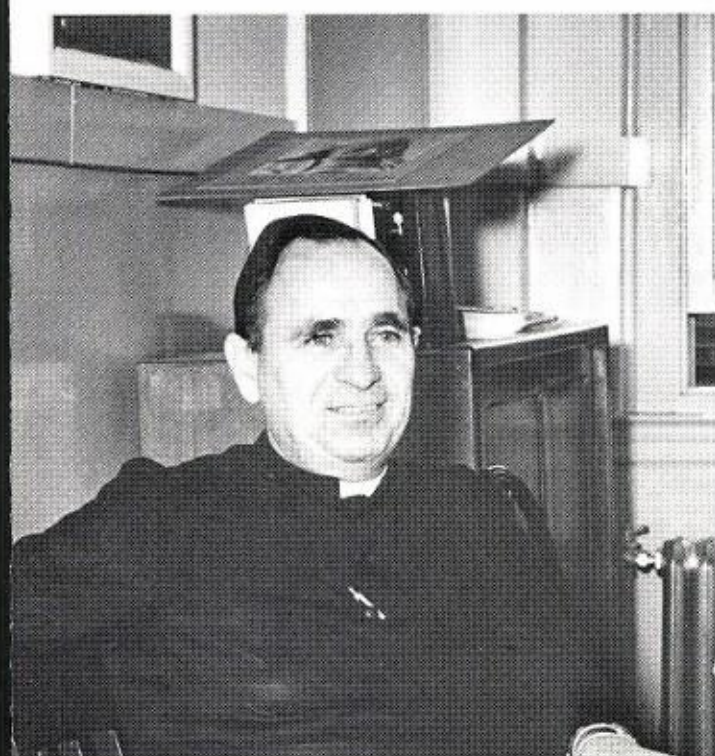

... Spitballs are a constant reminder of Mr. Pasquale De Angelo. He was not a master craftsman, but he was great for target practice.

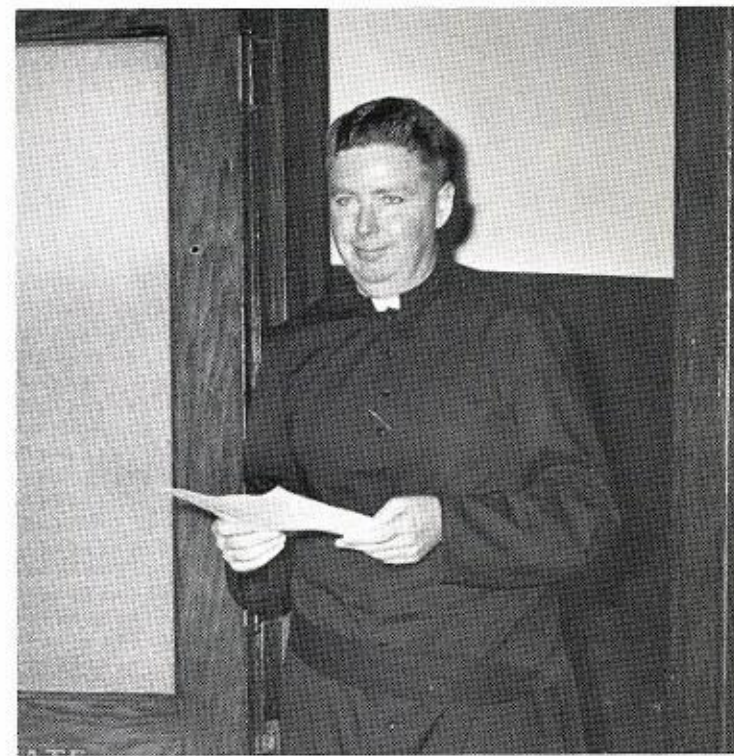

... You all remember Father Gerald Fogarty and the "Board of Education." Father Fogarty led many of us onto the right track.

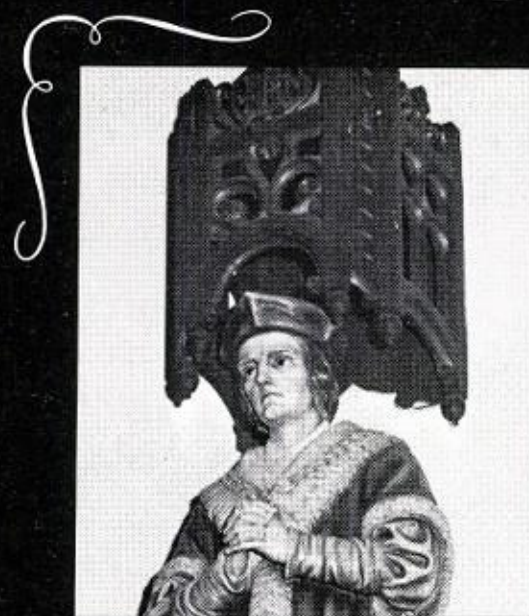

... Mr. Edward Purnell taught only Seniors, but we all felt his presence. He is now head of lay teachers for the Archdiocese.

... Father John Doyle was our Guidance Director and moderated the golf team. He always had time to listen to our problems.

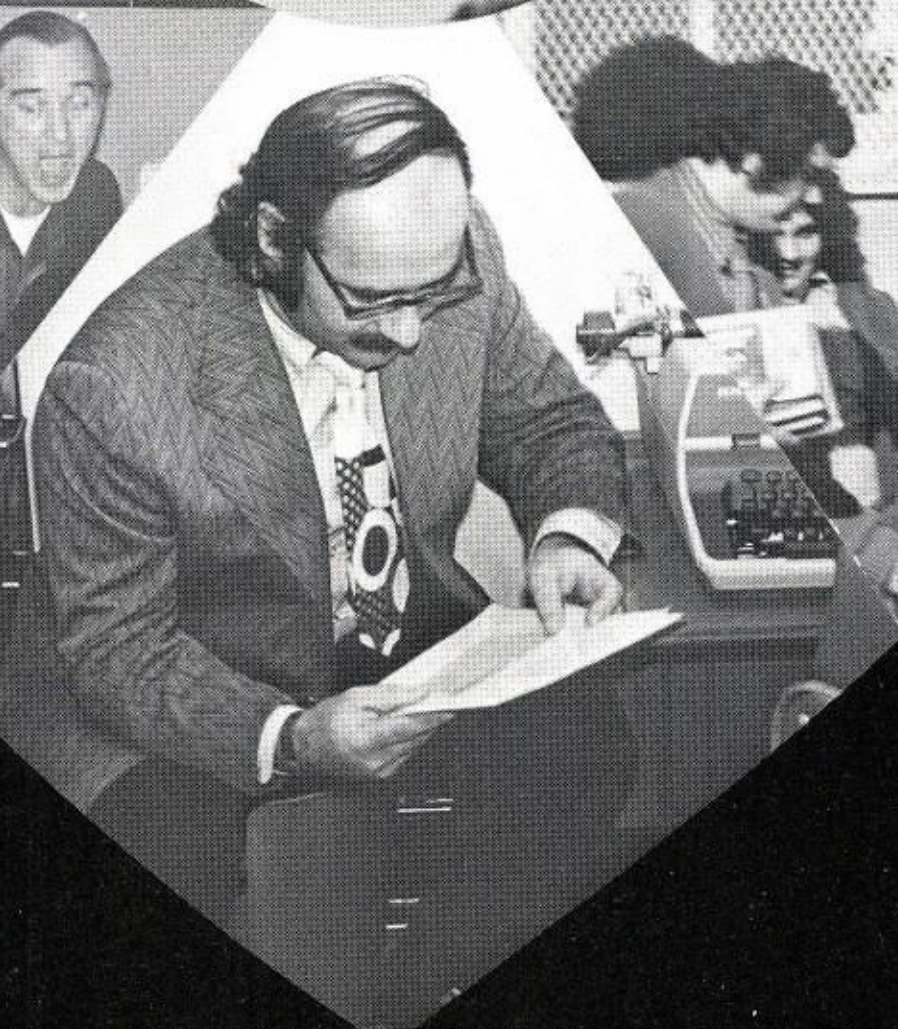

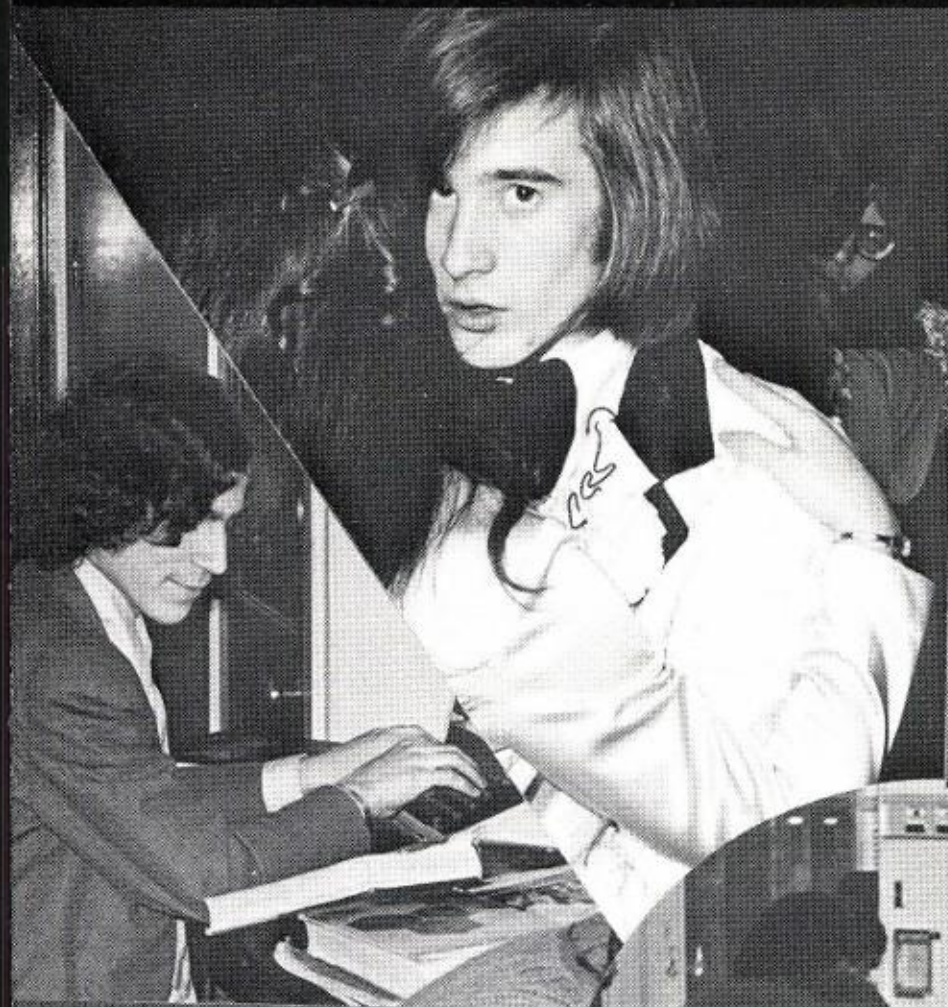

... And who can forget Father Joseph McCaffrey? "Didn't I tell you to get a haircut? No? Well, I'm telling you now!"

AUTUMN

REMEMBER WHEN...

...you first tried to participate in a school activity? The first nervous moments before the school play when you thought the audience was just waiting for you to make a mistake? How about the time you were on the Student Council as a Freshman and you were afraid no one would listen to you? Remember when you thought the Student Guard was some sort of safety patrol? But as you look back on the things accomplished here, you'll certainly remember the times you spent with your friends. And you'll remember some of the spirit that was generated during those four years.

STUDENT COUNCIL

The Student Council acts as liaison between faculty and student body. It meets regularly to comment on present policy and make suggestions for the future. In this it is a valuable sounding board for the faculty and an effective catalyst among the students. Members serve as ushers at school functions and provide for student participation at Mass. This year, one of its minor contributions had a special appeal: the introduction of greater variety in the cafeteria menu.

The World Affairs Council makes an important contribution to the school, a contribution that is sometimes overlooked. It helps its members and the student body as a whole to realize we are not isolated individuals in the world. There are people of other cultures and lifestyles, most less fortunate than we. Through the Council, St. Thomas More does something about it. The UNICEF collection at Halloween is just one example. Keep after us, men.

PROM

'73

One of the many couples that had a fine time at the Prom. The food and dancing will be remembered many years in the future and looked back upon with fondness.

The Senior Prom was an experience for all of us. We will always remember the good times we had—how beautiful our dates looked, the fabulous groups and the dancing. But a Senior Prom is more than this. It is a night celebrating four years of happy memories, and a night inviting a look into the future. A girl like this will be mine. What lies ahead for us?

BAND

Members of the band preparing for a concert. Is the fellow in the checkered shirt Elton John?

In a matter of months the band has made remarkable progress in sound, style and personnel. It has displayed its talent in assembly, concert and on parade. It has shown itself to be not the ordinary high school group, but a hard working, semi-professional corps of musicians. Diligent practice, rewarded; tense concentration, broken by hilarity; a director in agony, then wild with satisfaction... The band made the student body proud of it and showed itself and others what unity can do.

Dorothy Cox, Dennis Magee and Teresa Bonitatis go over their lines. Again and again and again.

This year the Drama Club presented "Plaza Suite." Neil Simon's comedy spoof depicts three separate episodes in the lives of three groups of people, as events evolve one after another in the same hotel room. It provided ample scope for the varied talents of our students and the girls from other schools.

Chuck Sellet and Donna Forgione add their share to the comedy. They cannot quite understand their daughter locking herself in the bathroom on her wedding day.

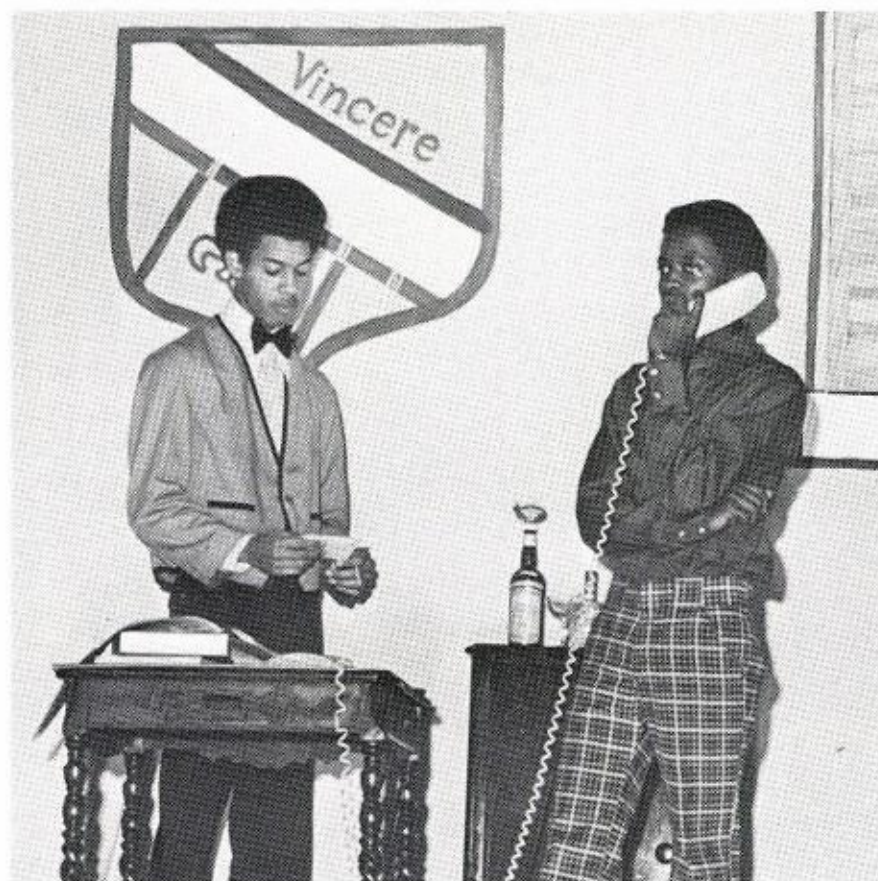

Kim Keyes and Marlon Lindsey relive the battle of the sexes as the audience.

"PLAZA

The male cast of "Plaza Suite" put in much time to make the play the success it was. The grins of satisfaction belie the weeks of labor.

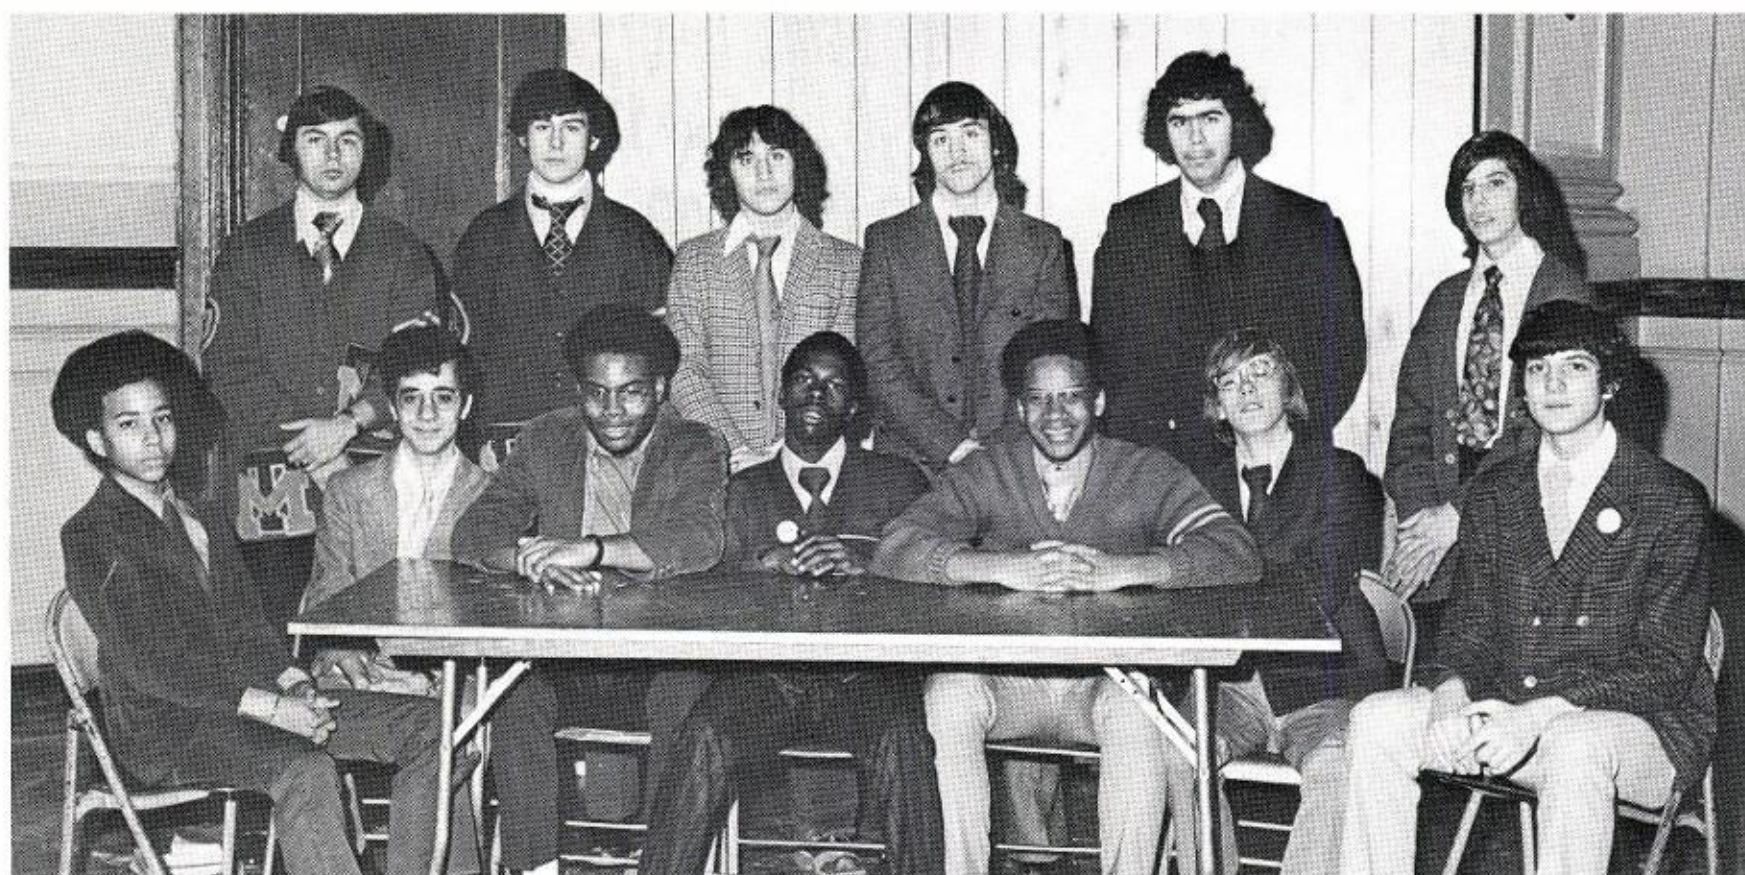

SUITE"

Lael Mitchell and Sharon Fala sparked our boys to fine performances. The girls came from several area schools, helping STM and good will among the institutions.

The setting was a room in a New York hotel destined to be torn down. Old and crumbling, the pageant of life still passed on within.

COMMUNITY SERVICE CORPS

The Community Service Corps offers the students at St. Thomas More a chance to give practical expression to the value-sharing that is very much a part of our curriculum. This year, it concentrated on a tutoring program at Our Mother of Sorrows, "Operation Incentive." In a one-to-one relationship, tutors and pupils learn to trust each other. It is this trust that enhances the learning situation, and makes of it a unique educational experience. Other C.S.C. activities included "Operation Yes," a food collection program for the United Farm Workers; "Operation Santa Claus," distribution of toys to needy children; and "Operation Discovery," a program of leadership. In C.S.C. those who serve and those who are served grow together.

STUDENT GUARD

The Guard in the process of directing a misguided student on the right path. No, this is not how it usually works.

The Student Guard's hard working moderator and our beloved disciplinarian, Mr. Pyne. When students help, they see his side of the job more easily.

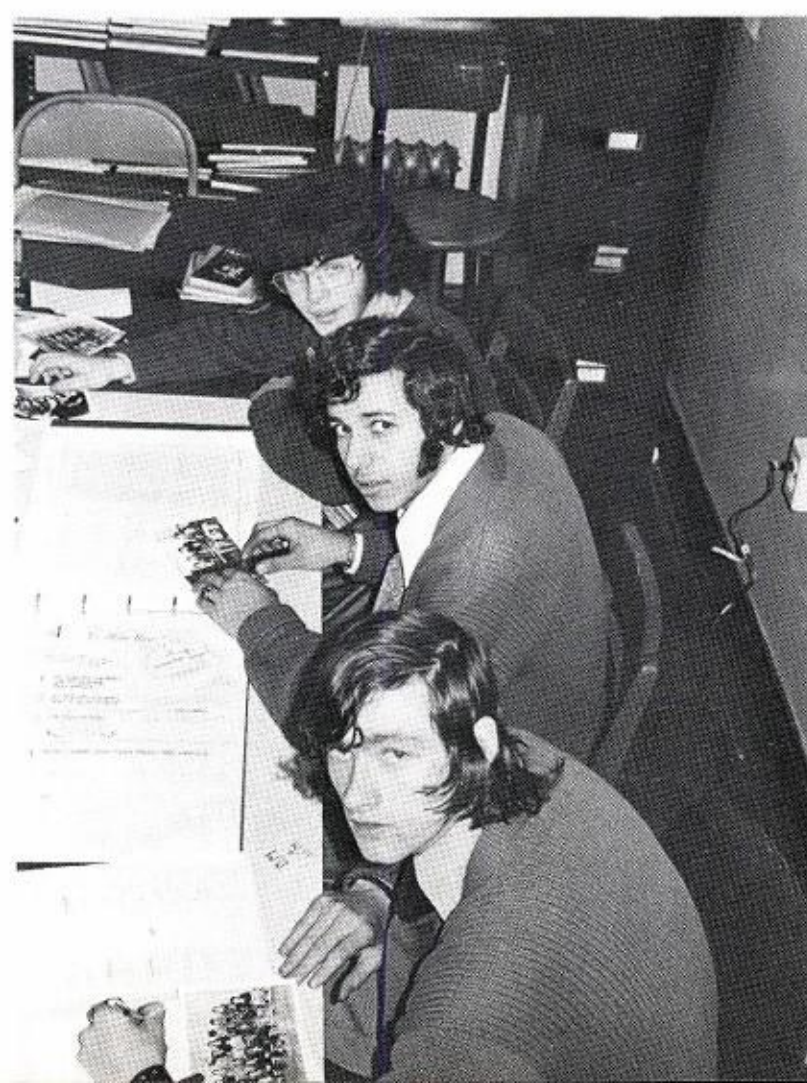

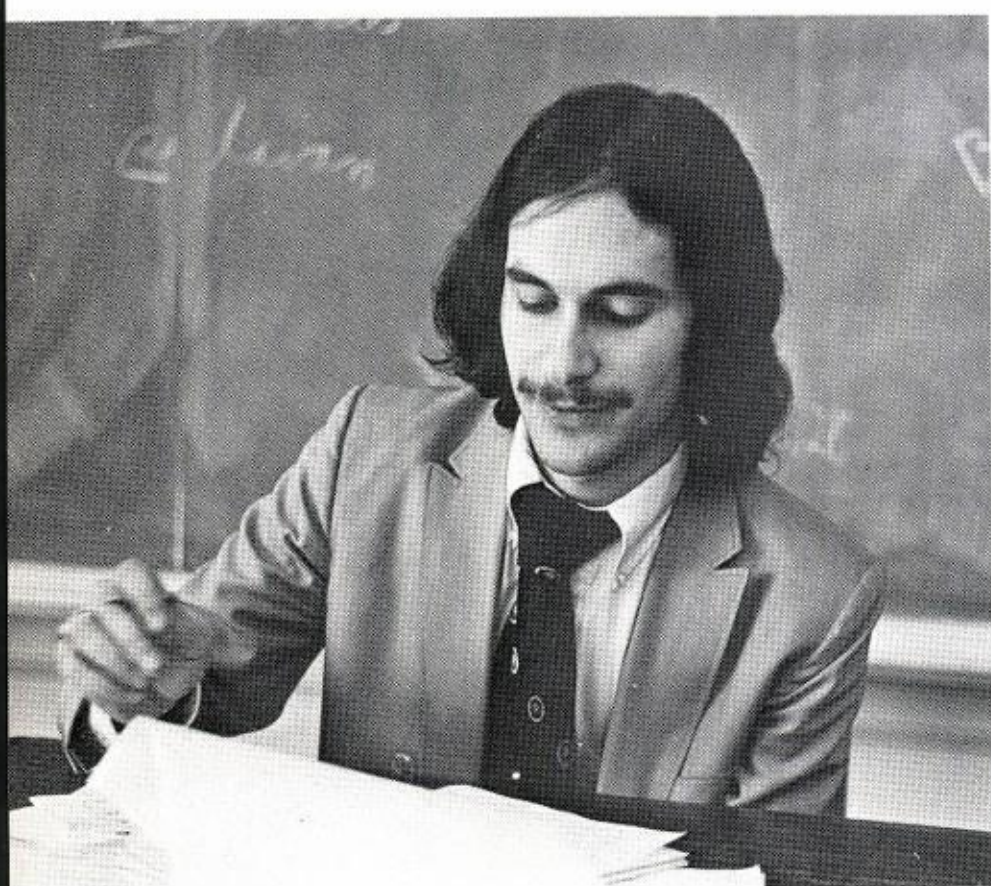

The staff of the Utopian worked to produce a book that would reflect the spirit of the school as it exists today and the spirit that was evident over the past four years. It hopes that the students will look at it in the years to come and remember the good times we had together. This done, it will have been well worth the effort.

One of the many improvements was the syndicated column that added new insight and broadened perspective. Bright format and lively columns made each issue provocative and entertaining, as could be seen from the students' interest in its pages. It showed what spirit and effort can do.

Perry White...er...Mr. Valenti moderates the paper. "Clark, where have you been?"

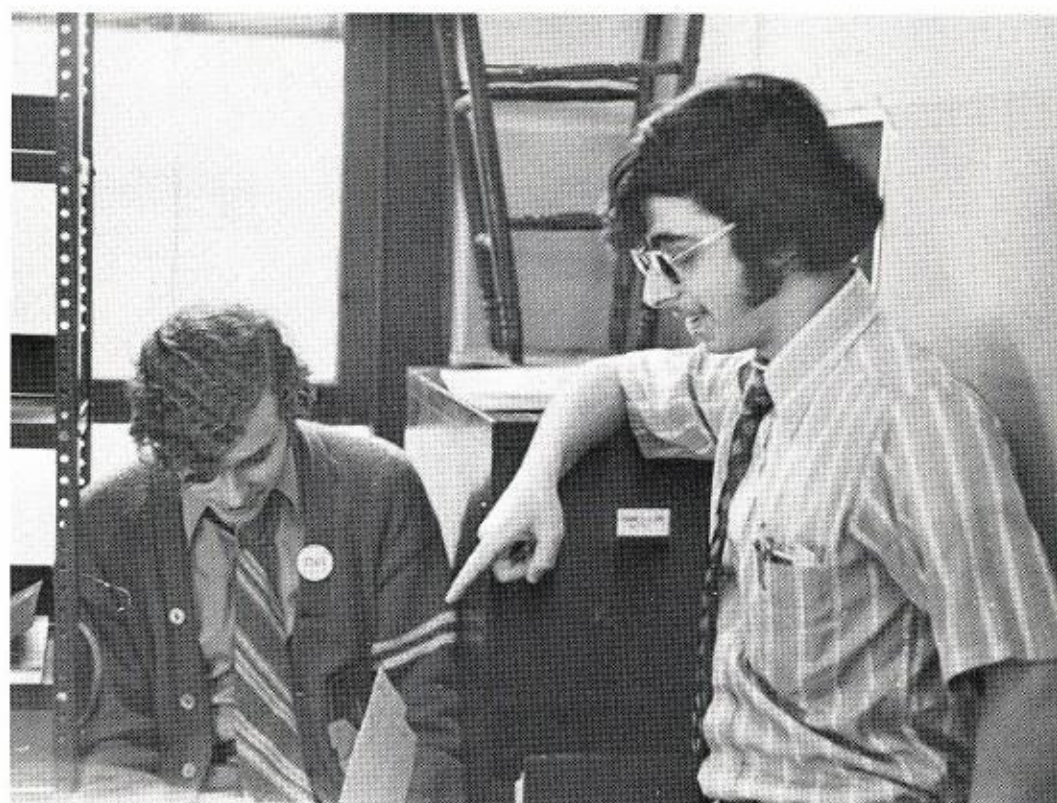

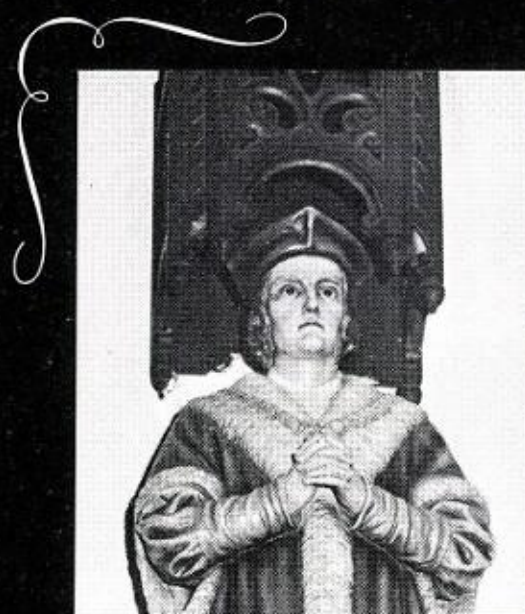

Mark Purnell and Jim Feeny go over final copy before it goes to the printer.

Looking for new material for the paper are Gregory Gaglione and John Caporale.

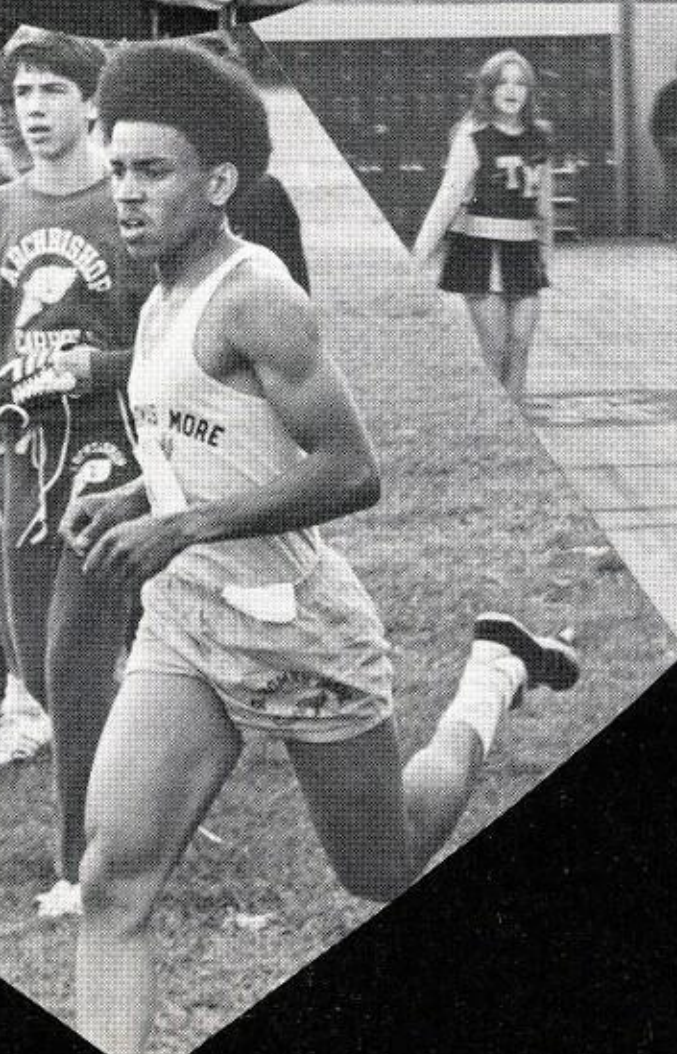

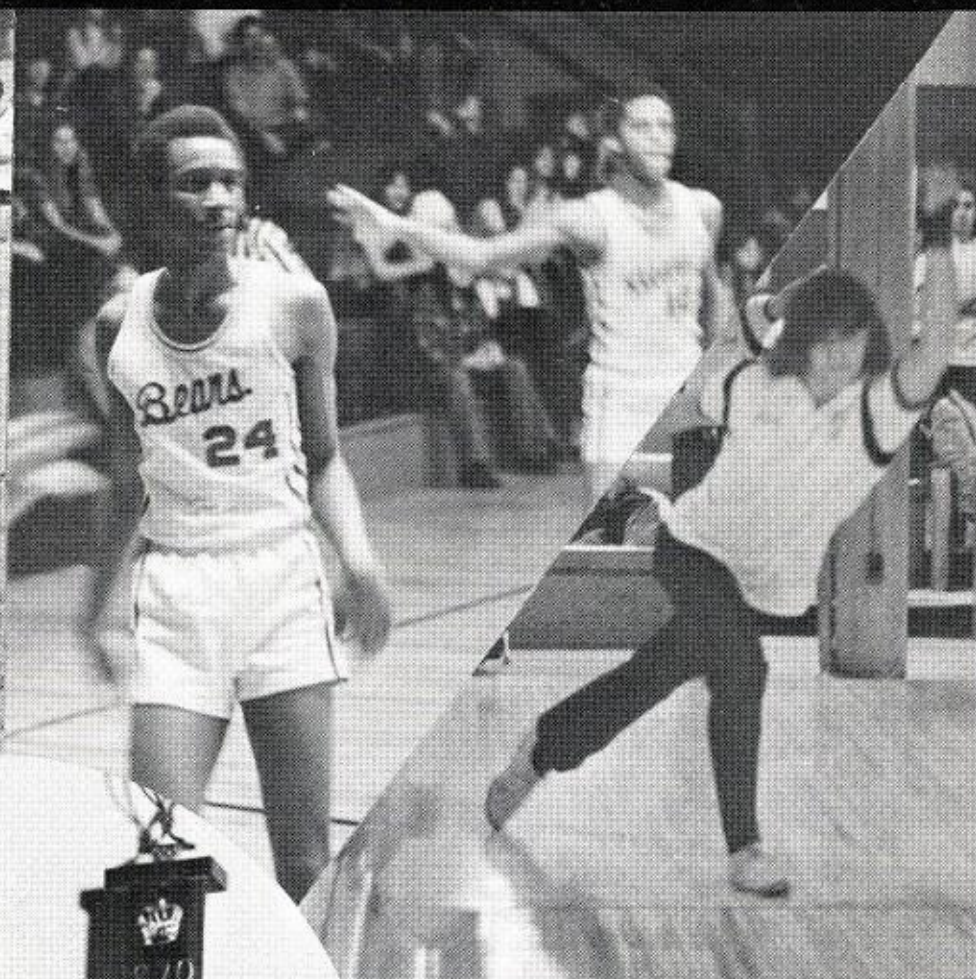

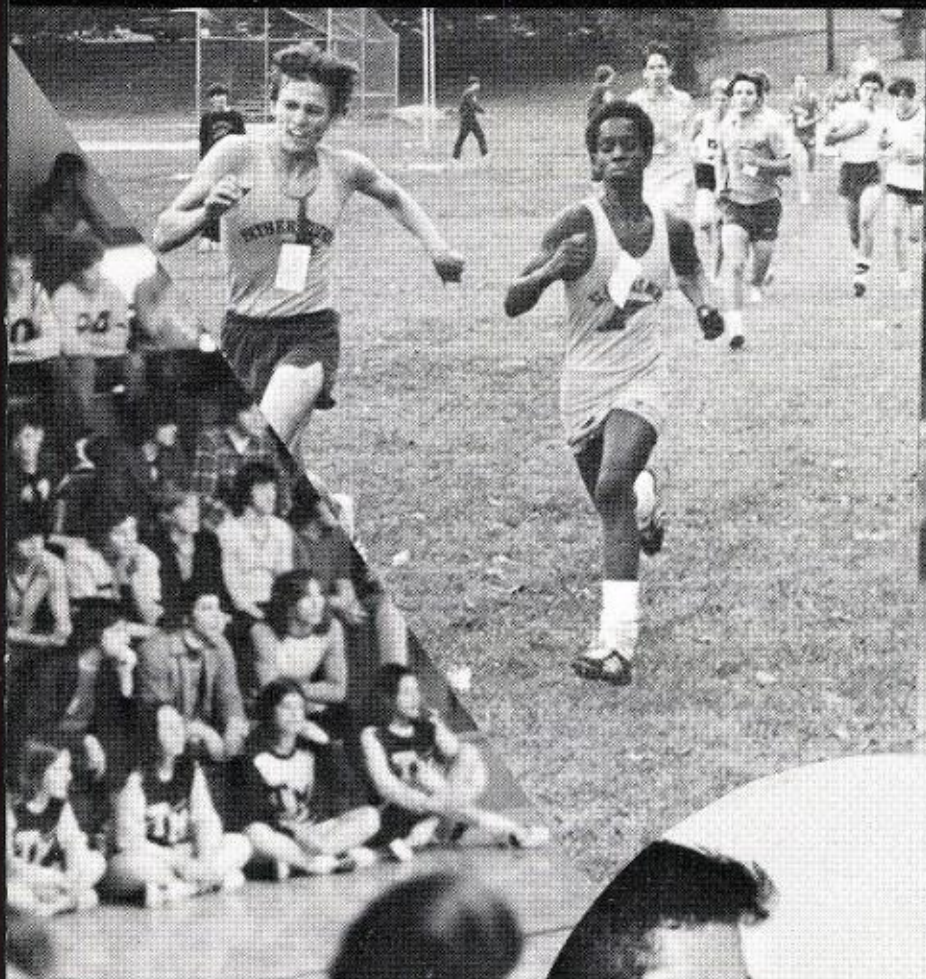

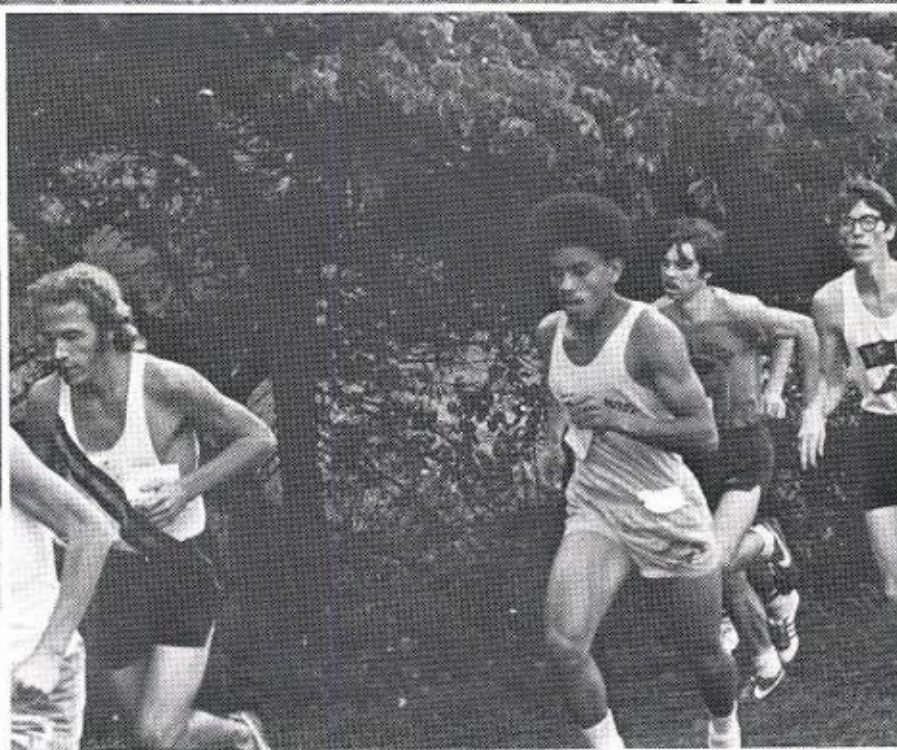

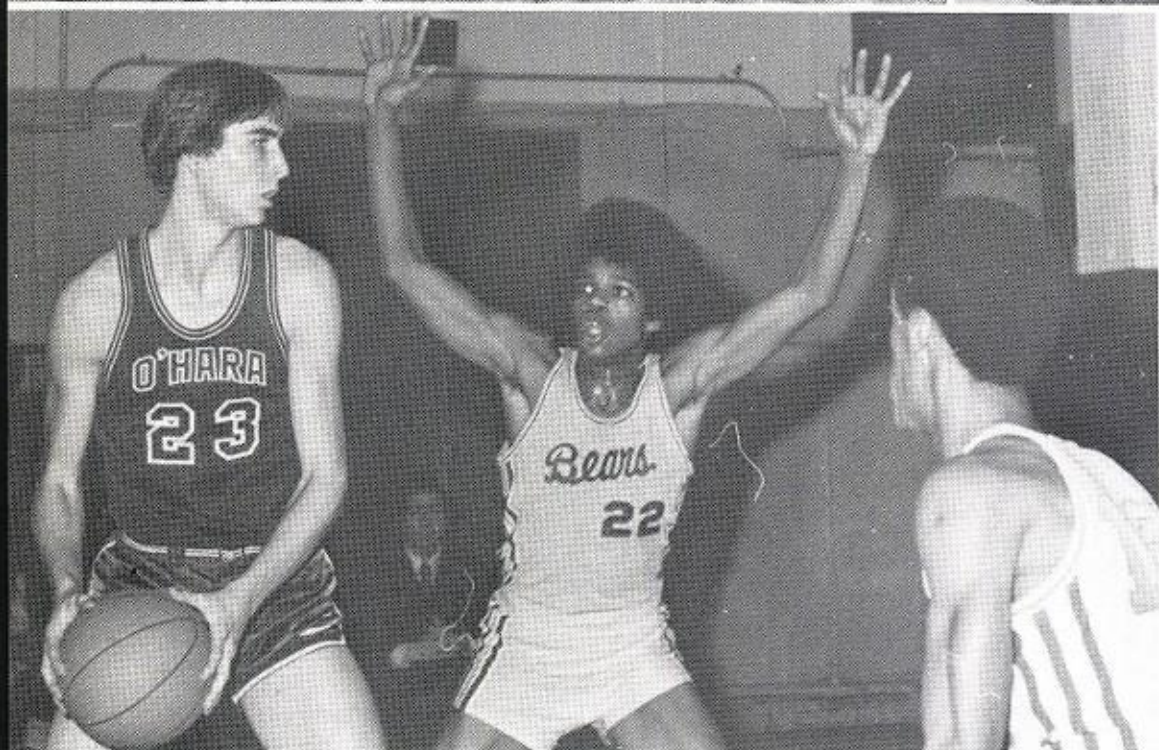

SPORTS

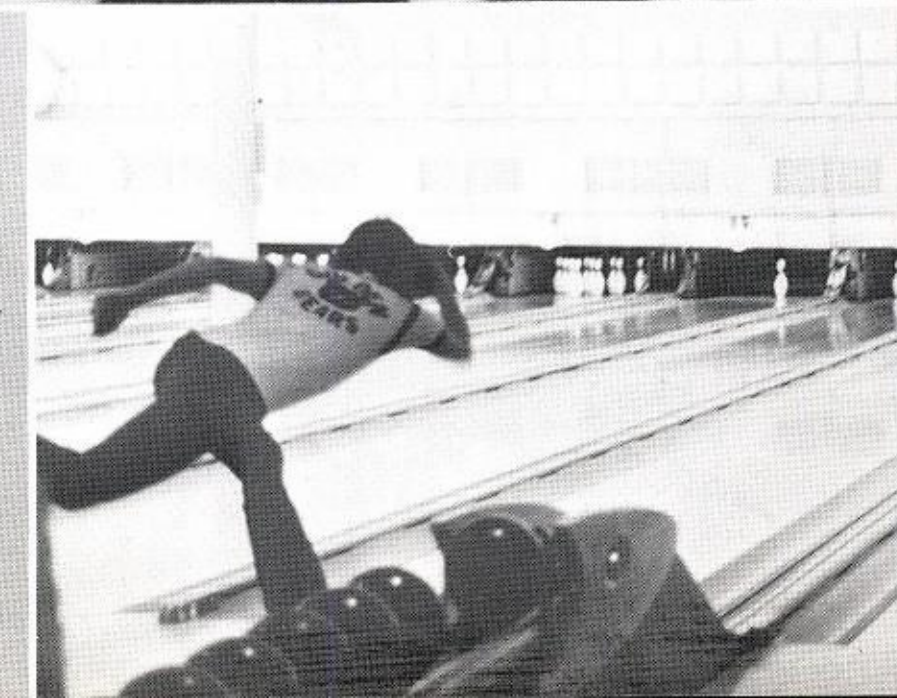

REMEMBER WHEN . . .

. . . we entered S.T.M. as wide-eyed Freshmen? One of the school activities we became involved in was sport. Remember our Freshman year? The failure to organize a Frosh football team? Our Frosh basketball squad that went 0-20? And our Frosh track team that took third place in the championships? As Sophomores we became obscure members of the varsity and J.V. teams. Junior year was a big one. We began to surface. One of the starters on our '72 title basketball five was a Junior. When the track men won second place in the state championships at Lancaster, we were up front again. Remember our Senior year . . .

CROSS COUNTRY

Cross country makes men. It takes endurance, muscle, will, perseverance and something else—desire. Desire to beat the 2½ mile course of hills and rocks before it beats you. To keep going when your body tells you to stop. Life will be the same.

Visibly, track season starts in March, but in fact the boys begin to run just before Christmas. This season our team was the strongest in recent years. Our mile relay was a consistent winner. We also had one of the city's best half-milers. We did well in the high and intermediate hurdles. With such talent and more like it we will continue to surprise a lot of people.

The record for the '72 season was 1-6-1. It does not show the work, pain and sacrifice experienced by each and every player and coach. They made the best of the season and deserve credit for it. A school can't win every year, but it can ready itself for the next.

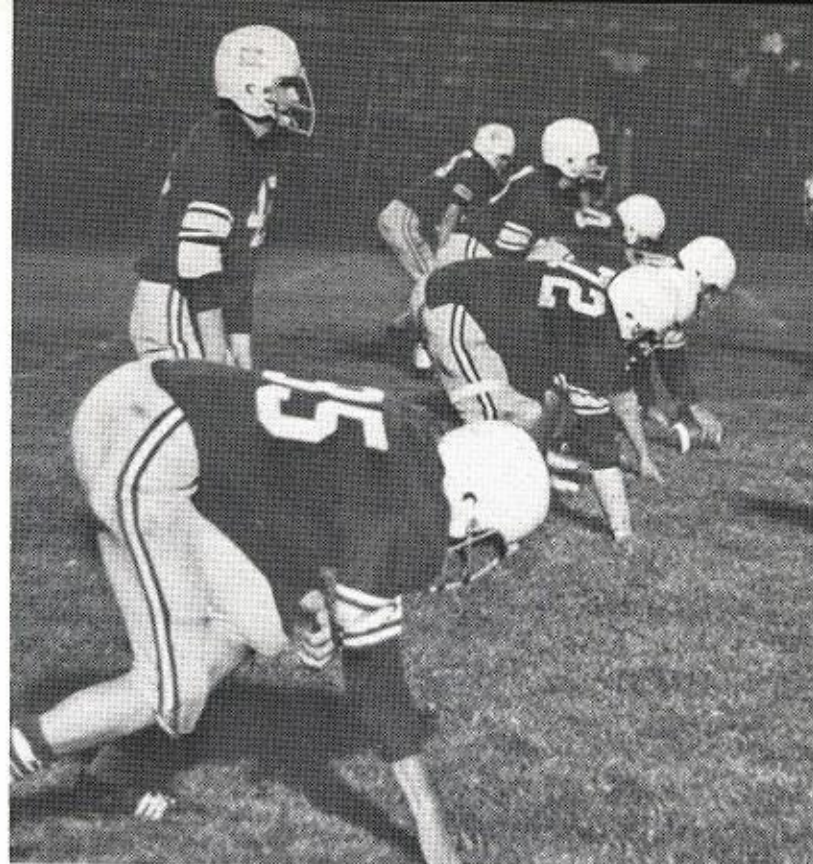

FOOTBALL '72

Night game. Excitement runs high. If it's a good block, an extra half second. Just enough to get it off.

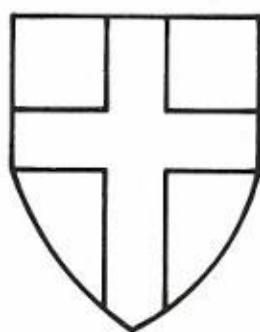

Coach Jim Panetta molded the boys into a working unit, not without tense concentration and worry.

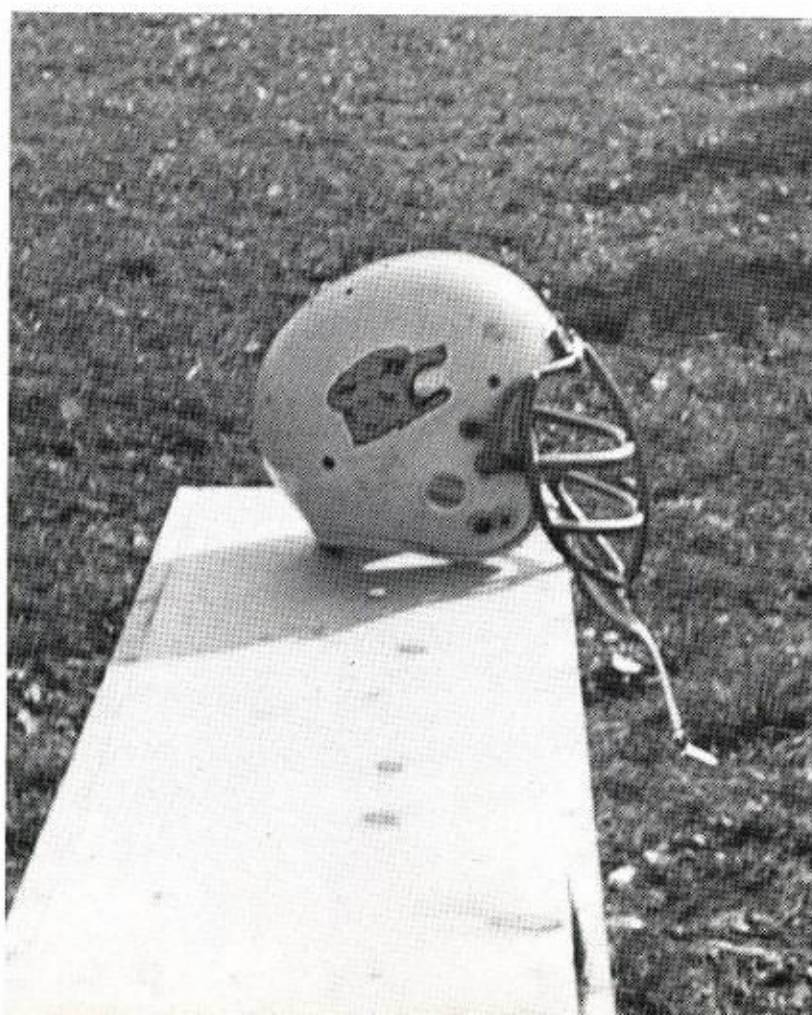

The Bears work for that touchdown. In a second, the crack, the crunch, the roar of the crowd.

"While you're exercising, I'll get rid of this." Strange shapes and contortions marked every battle.

It was a building year for the young Bear squad. Their gritty spirit points to another season.

Early in October, the team started working toward a goal. That goal could not be realized until March. It spent many hours working hard at the sport in which the Bears have been most successful, basketball. All the long weeks and months of labor are for one thing: the Pa-lestra and another shot at the title. Make it or not, that's the goal.

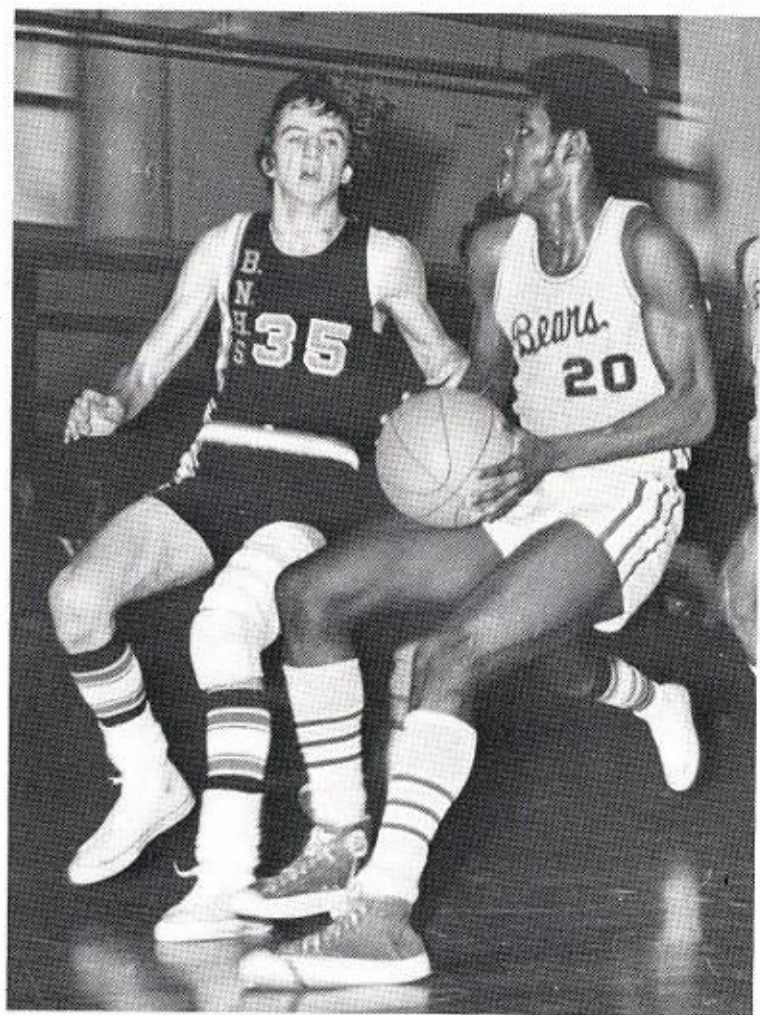

Strain, push, twist, stretch, run, stop short, fight! Go, Enos, go! The Tommies are moving.

Grab it, hold tight, in close, swing around, bend under, move out, in the clear.

Heavy strength, powerful legs, determined grit, steady drive, sure aim. Shoot, Johnny, shoot!

Oh, no you don't baby. I got it now. It's mine and I'm hangin' on to it. Dig?

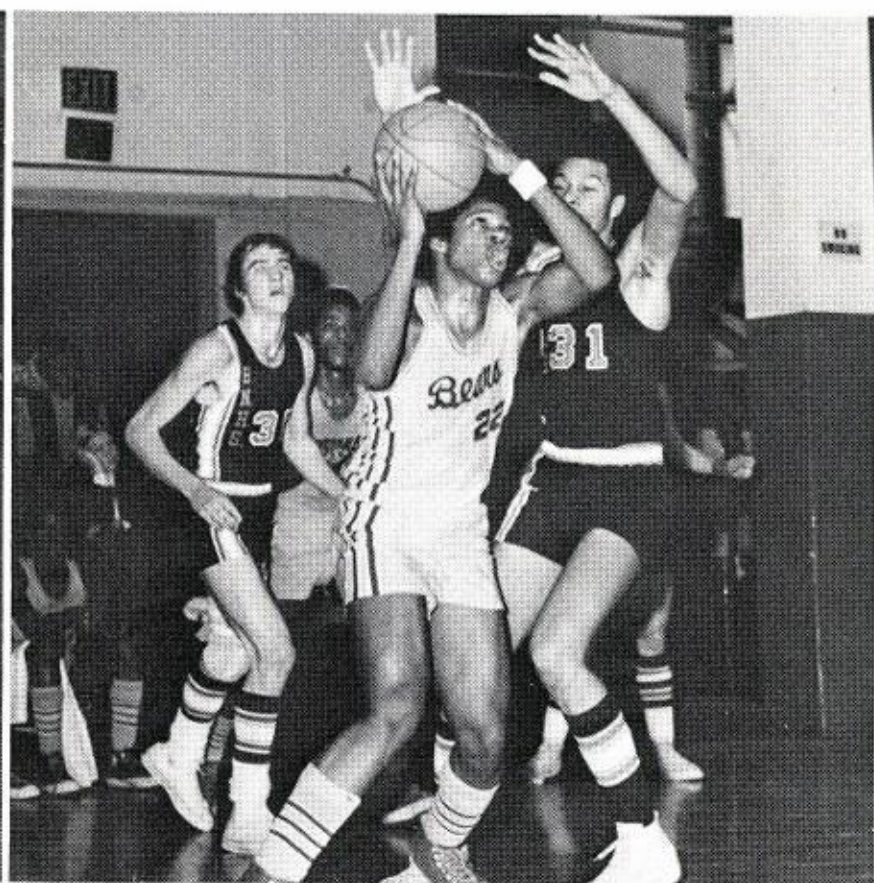

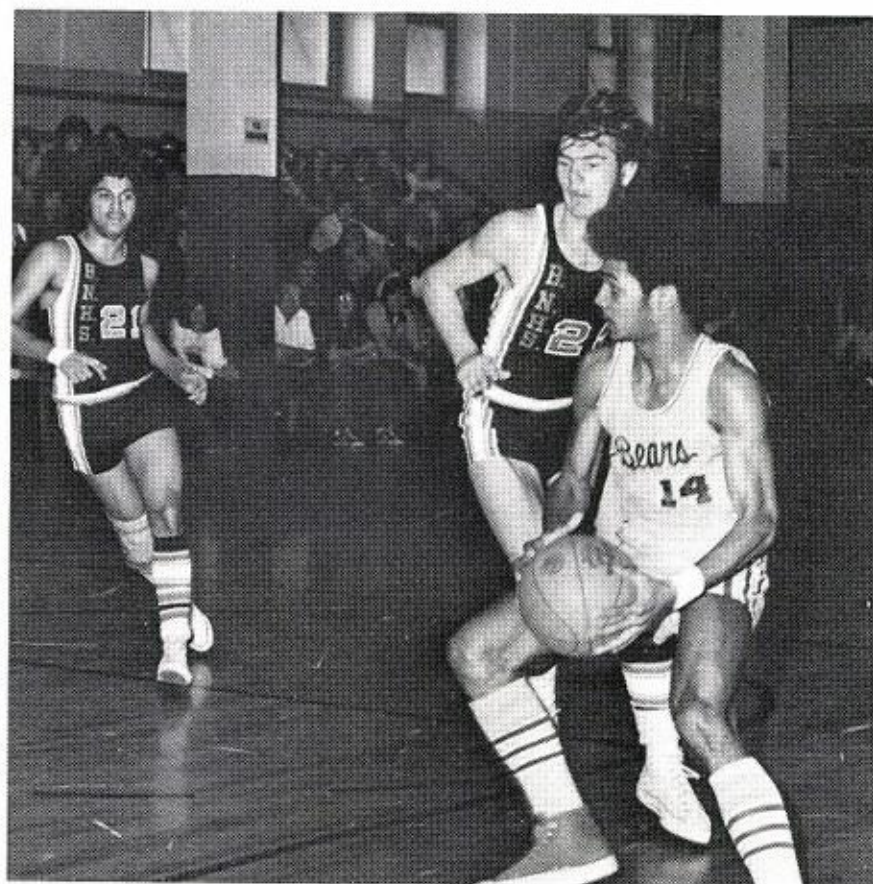

Buddy, I need this. My, oh my, you can't know how much I *need* it. So watch out!

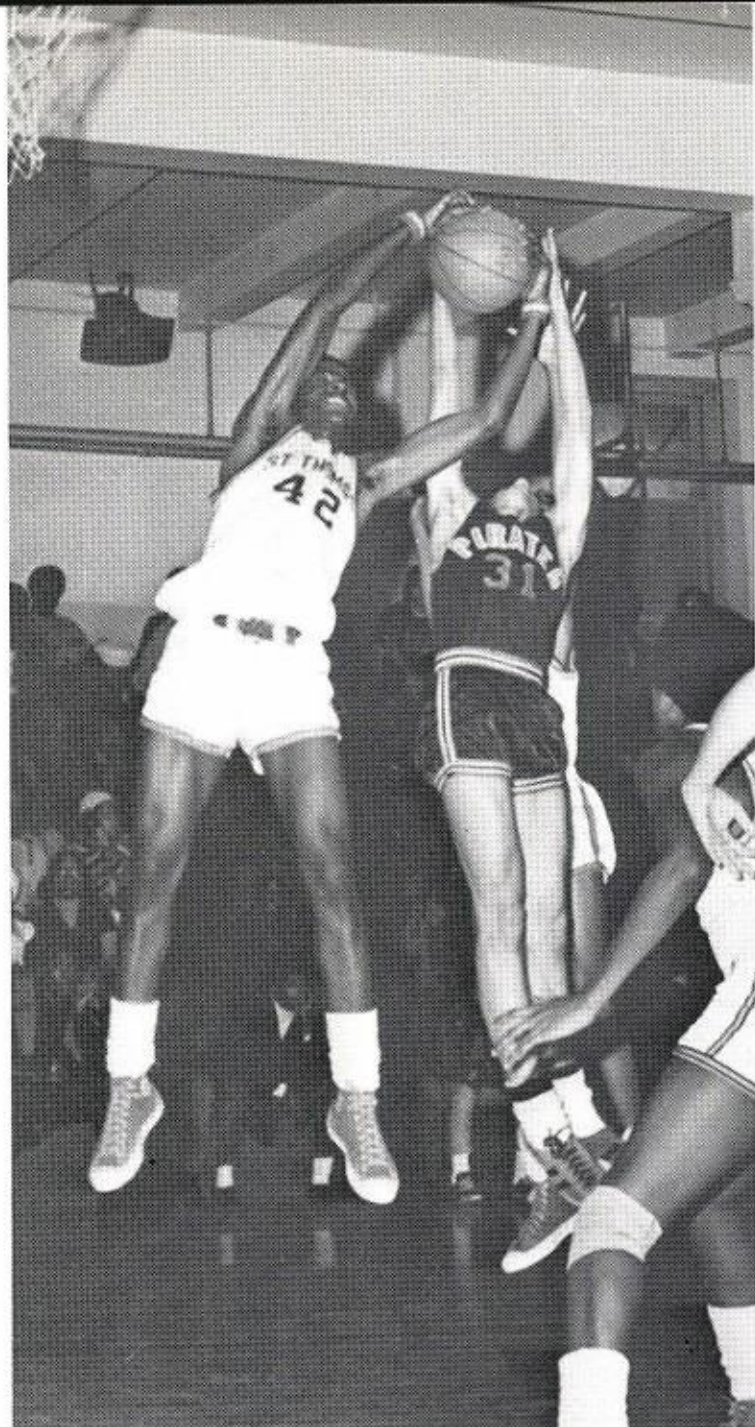

He doesn't see it. Hasn't got himself together. A small tunnel but I can make it.

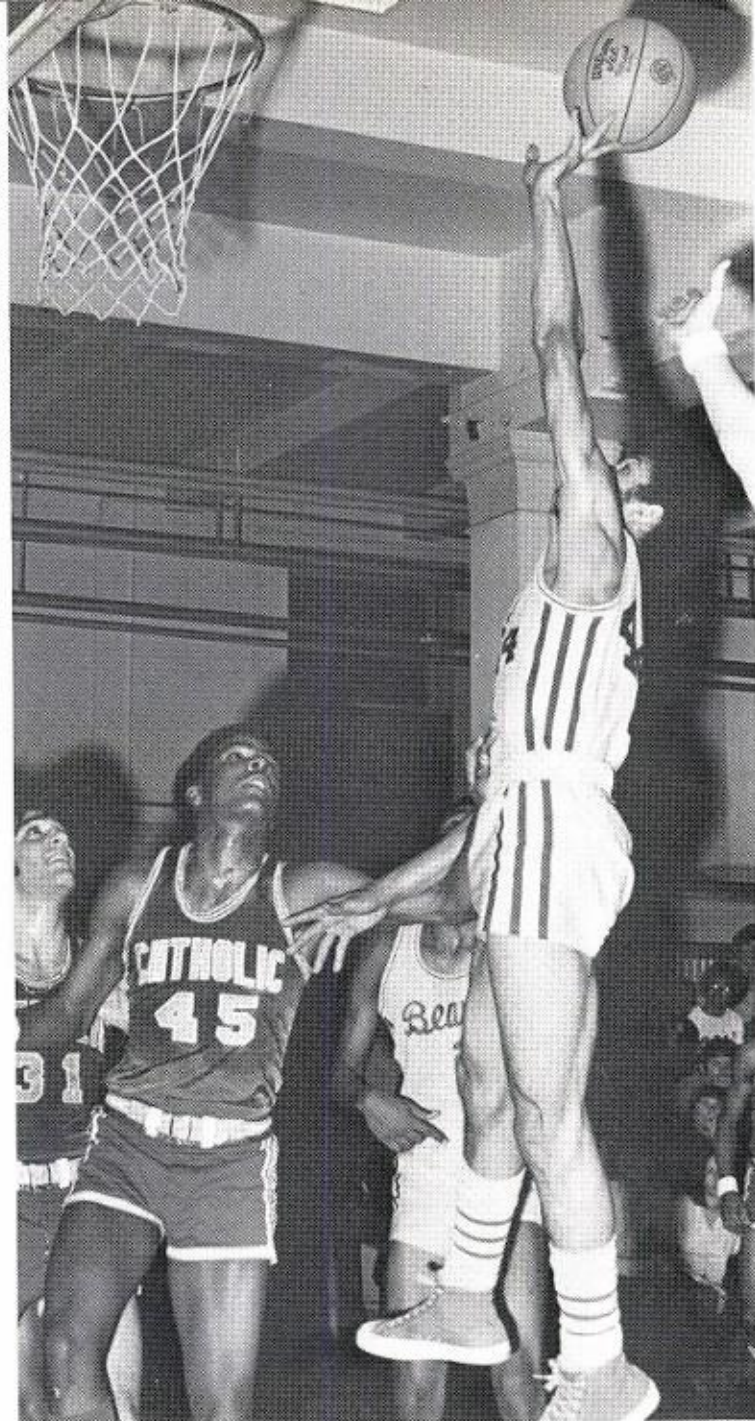

Outnumbered, take 'em on. Be tougher, harder, faster, scrappier. Move it!

That basket, it's there. Shoot to sink it. There's nobody can get in your way.

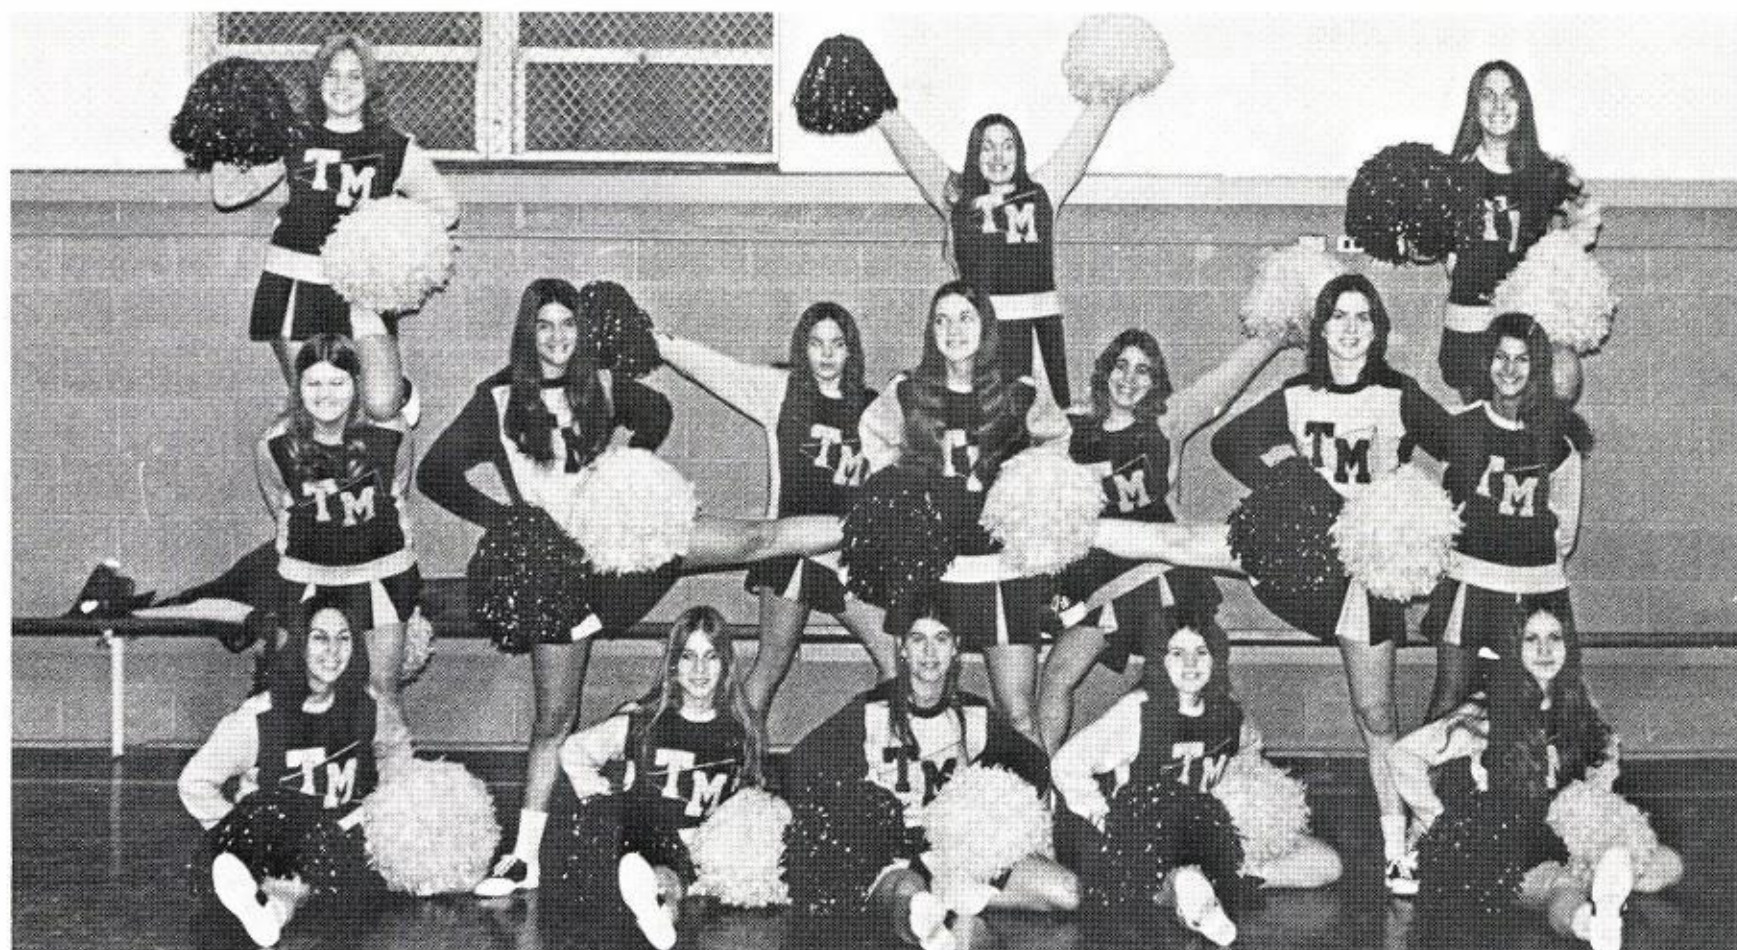

In spite of a height disadvantage we got our share of rebounds. They jump; we jump higher.

Games are won off the boards. Here we grab for the second shot that tells so much in the score.

While the team was striving for a touchdown, the cheerleaders were striving to keep the spirits high.

Here we see the girls in one of their better positions. Keep those pom-poms high, girls. We're with you.

UNDER- CLASSMEN

REMEMBER WHEN . . .

We, the graduating class of '73, would like to thank our supporting cast of underclassmen. We appreciate it more than we've let on. Sooner than you think, it will be your turn to stand in our shoes, with four years behind you and endless years ahead. We think you will enjoy this position.

SENIORS

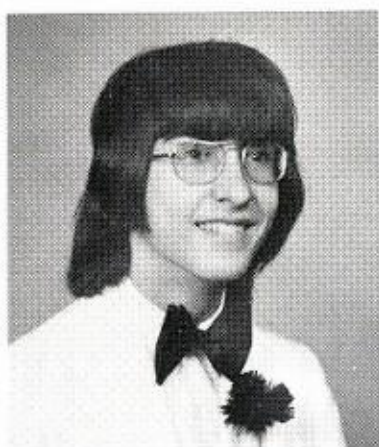

REMEMBER WHEN . . .

. . . we couldn't wait to leave STM?
We are now about to achieve this goal, and it would be interesting to find out how feelings have changed. We have amassed an amazing amount of memories and friends. Soon, all the bad times will be forgotten while the fun will remain. We will say goodbye in body but not in spirit, for we will never forget these times. As you look through this section, we hope you will laugh, sigh and smile the smile of a content and satisfied graduate. And we also hope you will tell your future friends . . .

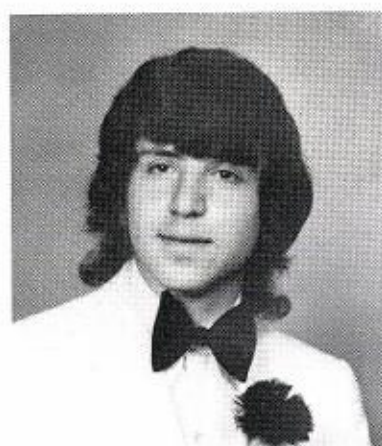

. . . "I'm proud to be an alumnus of Tommy More."

On the opposite page begins the treatment of Outstanding Seniors, selected by the faculty for their many fine qualities. The following received Honorable Mention: John Caporale, Jeffrey Cellucci, Daniel Donatelli, Gary Gethers, William Gowdy, Mark Lavin, Marlon Lindsey, Blane Newberry, Domenic Ricciardelli, Francis Sciandra, Charles Sellet and Anthony Taffe.

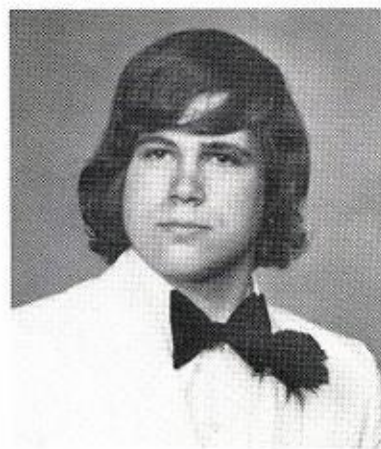

REMEMBER WHEN . . .

the Seniors mistook Mr. Woods for a Freshman? Some say the beard was grown in self-defense, but we'd rather not comment.

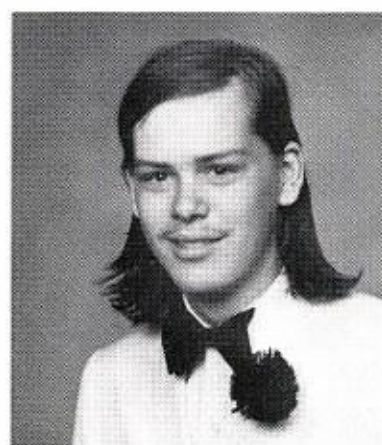

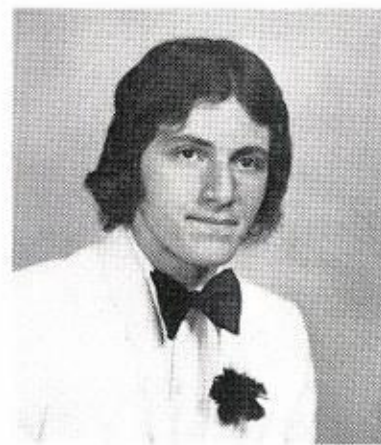

John N. Caporale

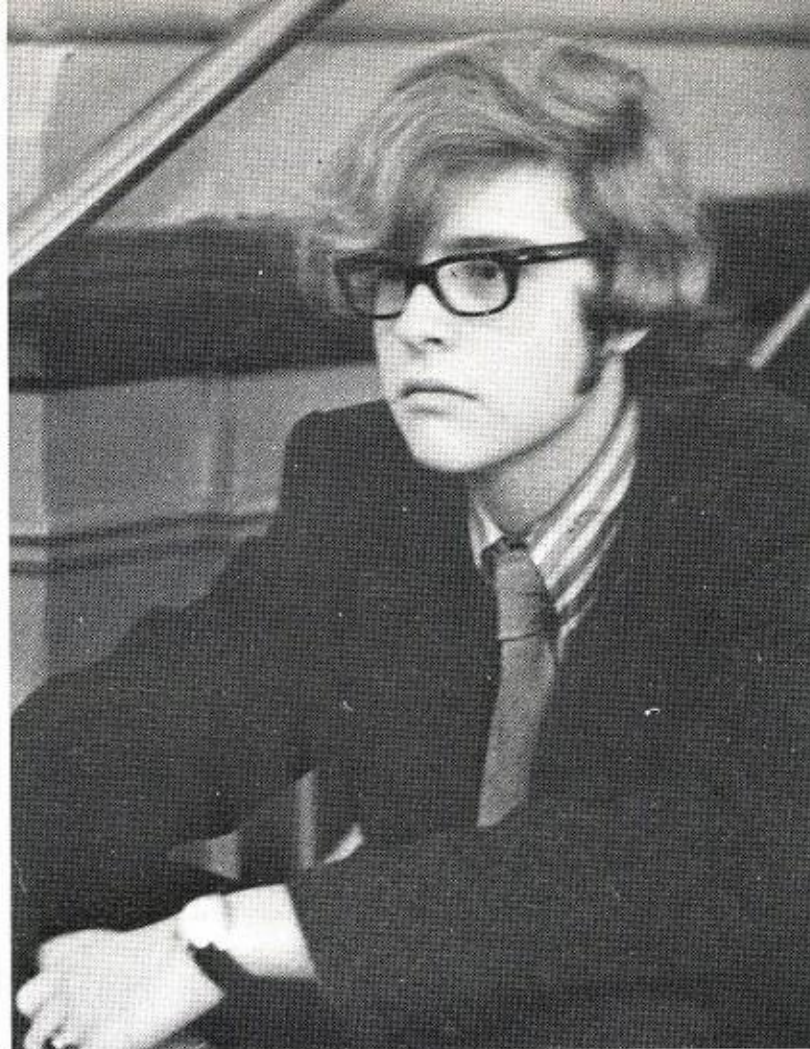

Norman R. Card

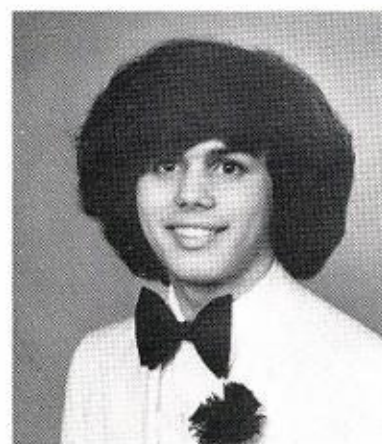

Dennis P. Carroll

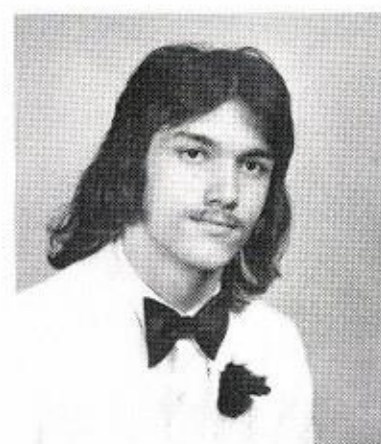

Massimo Cedrone

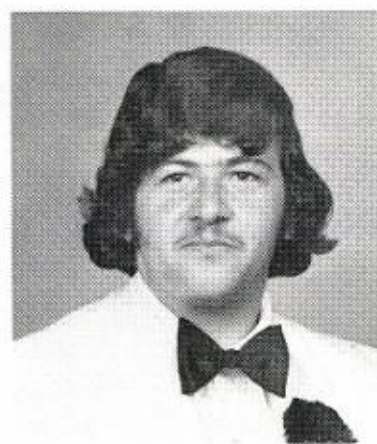

Frank Barr's achievements run from music to publications to honor roll. During his four year tour of our hallowed halls, he has posted some outstanding achievements, all in his deceptively quiet way. He left his mark.

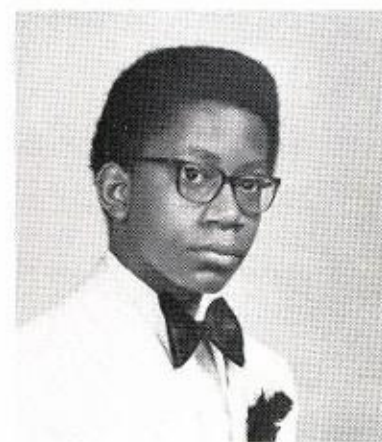

Daniel L. Cellucci

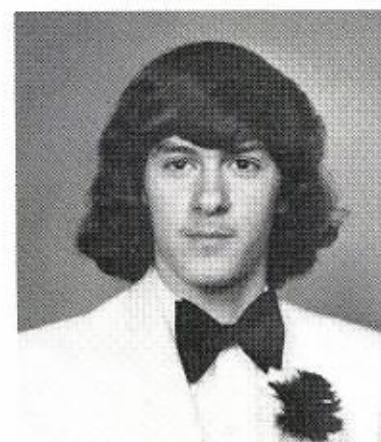

Jeffrey L. Cellucci

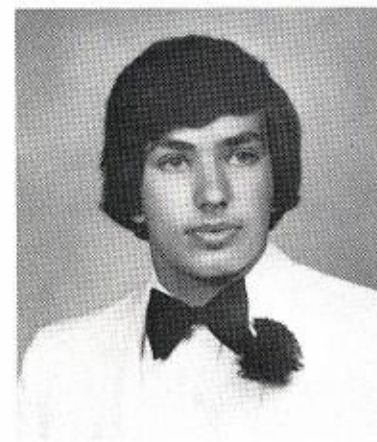

Mark V. Charamella

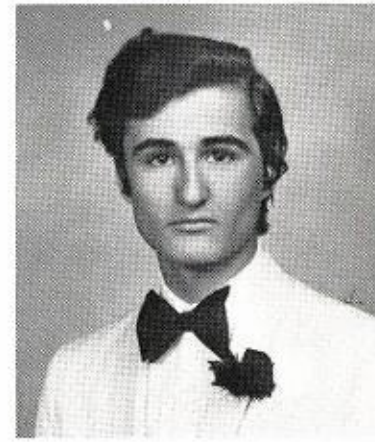

Stephen M. Cooper

James V. Corrado

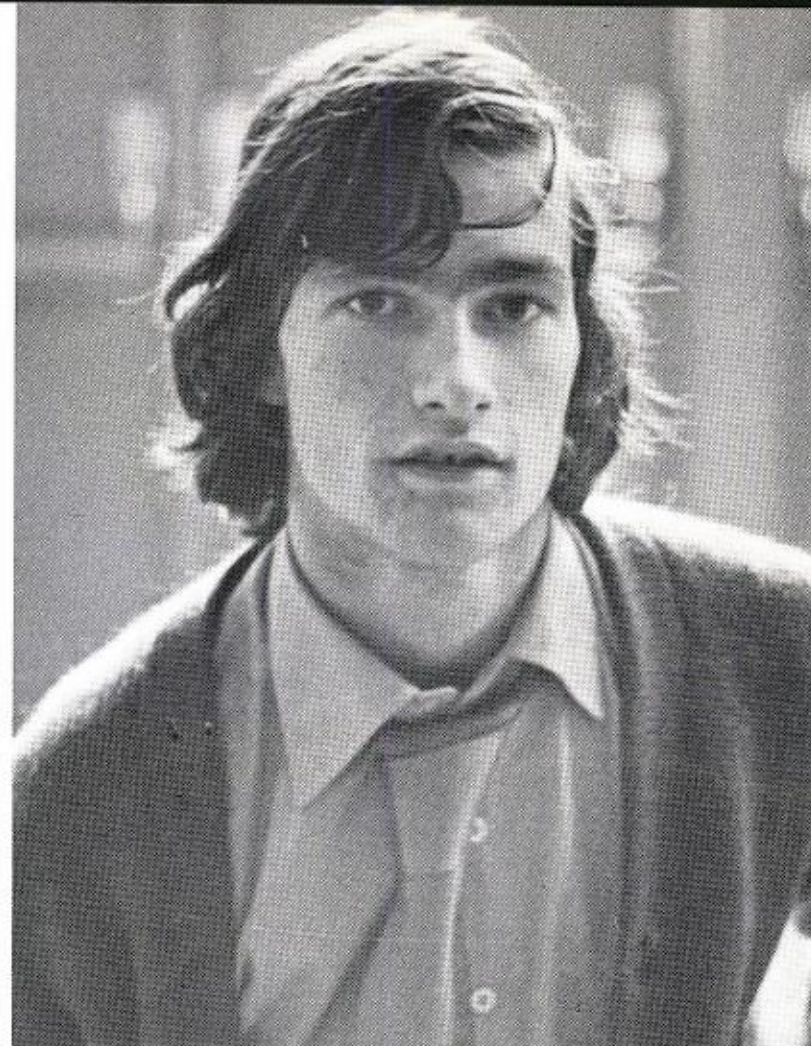

Andre A. Cotruffello

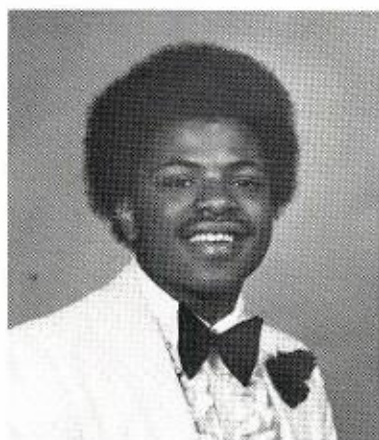

John D. Cugini

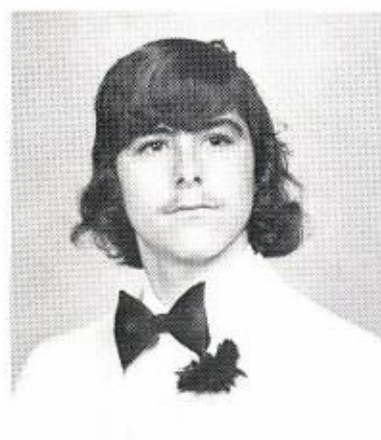

As anyone on the team can tell you, Andre Cotruffello's football career is just one facet of a many-sided personality. His four year presence in the school has left him with many memories and many, many friends.

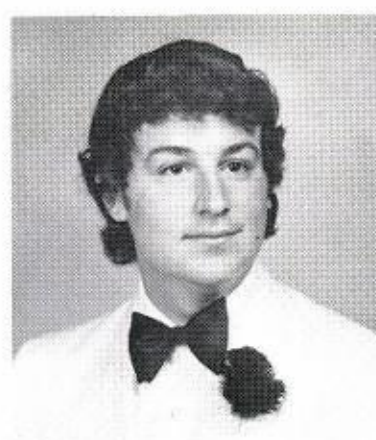

Jim Feeny was perhaps the most active senior in the Class of '73. Besides being an exceptional athlete, his scholastic abilities have carried him to honors. We're proud of him and his accomplishments. He will do well.

REMEMBER WHEN . . .

. . . our football team was unique in the Catholic League because of its male cheerleaders? Thanks, men. You just weren't sexy enough.

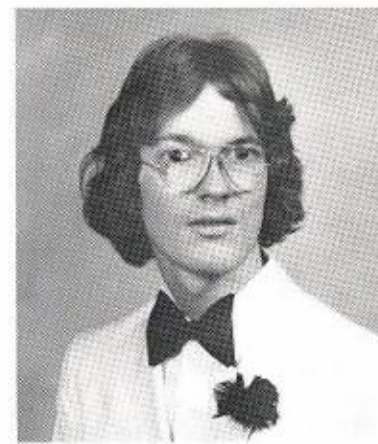

REMEMBER WHEN . . .

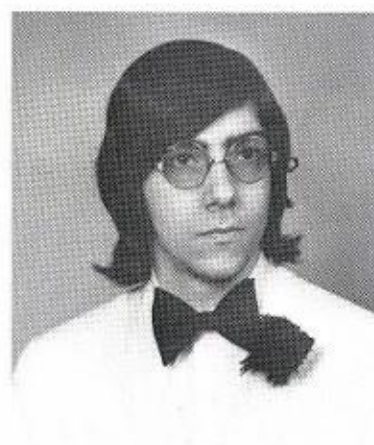

. . . 4:30 A.M. at the After-Prom? Great sound, great food, great friends. But tired feet and blown minds were in no condition to dance.

Adrian Hickman's devotion to the band is only part of a wider devotion to the school. Anyone who knows Adrian knows he is an outstanding senior and will, no doubt, be an outstanding alumnus. Good luck, Adrian.

Through good times and bad, Steve Iannacone's smile has told the story of these years at Tommy More. His leadership qualities as displayed on the paper, yearbook and Student Council promise a full and successful life.

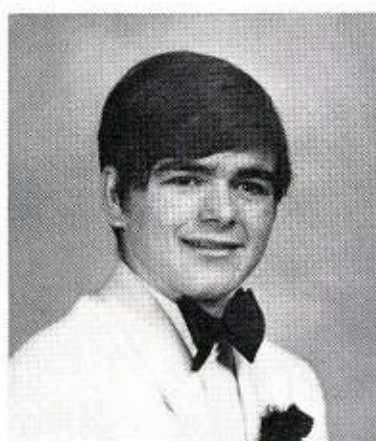

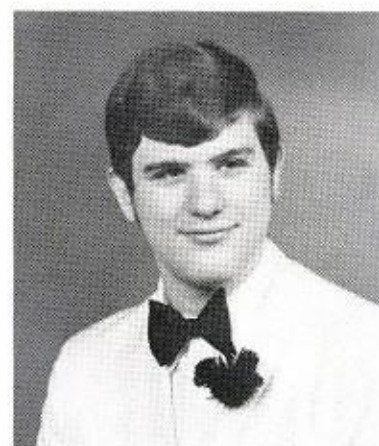

The name Mark Lewis rings a bell! A prominent member of our basketball team, Mark is one of the best known seniors in the school, both academically and athletically. We congratulate you, Mark, on your record.

One of Mr. Croley's proteges since Freshman year, Mark Purnell has used his talents to the best advantage of the school. Mark is a front-runner in track and personality here, both with students and faculty.

Emery Sammons has been another of the mainstays of our basketball team. The only Junior to be a regular starter on Mr. Burke's '72 championship squad, he was consistently a standout—as he is with the Senior class.
